1. How do I find English Speaking Artists?

Select **US/UK** as your region.

2. How do I search for a name?

Select the **ABC** tab on the right. It will spell in the search bar. Use BACK as backspace and EXIT to close the keyboard.

3. Why can't I find the artist?

Make sure you are in the correct folder **Singer** -> **Country** and check the spelling. We may not have the artist, but it is very possible that we have their songs. To find songs by title, refer to [QUICK SELECTING - Page 3.](#)

4. Where did my selected songs go?

The songs selected will be added to your Playlist **♫ SELECTED (bottom right)**

5. How do I play my song?

The song selected will automatically be added to the que. To rearrange the list, refer to [PLAYLIST - Page 4.](#) Hit **NEXT** to skip to the next song on your playlist.

SELECTING SONG TITLE (TAB 4 – Quick Selecting)

Tips for finding song titles

- The search keyboard will automatically pop up. You can minimize it by pressing **Exit**. To reopen, tap the **ABC** box.
- Confirm the spelling in the **SEARCH BAR**.
- **BACK** - Backspace
- **EMPTY** - To Clear Search
- There is no need for spaces between words
- Typing any part of the song title will populate all songs with those letters. You may not need to type all the words.
- Selecting the numbers will filter the search results by # of words in the song title.
- To search for numbers, just spell them out.
- SHORTCUT: If you see an artist you like in this menu, you can select the **A** button to open that artist's songs.

Need to know

- **MTV** shows the real music videos from the artist with optional vocals. Use **ANALOG/KARAOKE** to toggle on/off.
- Song titles in **ALL CAPS** may not have any lead vocals.
- **Anima(tion)** and **Plot** will show generic artwork or sceneries with no vocals, or background vocals only.

PLAYLIST (Selected - Bottom right)

Playlist Controls

- Access the **PLAYLIST** by tapping **SELECTED (bottom right)**
- Current Song playing is displayed with the at the top
Ex: "Being broadcast: Misery - Maroon 5"
- There can be multiple pages of your playlist, use **PREVIOUS** or **NEXT** to view.
Ex: **1 / 2** (1 of 2 pages)
- Rearrange the list by using **(TOP)** to send that song to the TOP or **UP** and **DOWN** respectively
- To **DELETE** a song, use the **X Button**
- Close the playlist menu by tapping **SELECTED (bottom right)** again or the large **X button** on top

Cool Features

- **SHORTCUT**: If you see an artist you like in this menu, you can select the **A button** to open that artist's songs.
- **MTV** shows the real music videos from the artist with optional vocals. Use **ANALOG/KARAOKE** to toggle on/off.
- Tapping the **VIDEO** will make it fullscreen on the monitor.
